

# CONTACT LENS EVALUATION AND FOLLOW-UP CARE

A contact lens evaluation is a separate part of a comprehensive eye examination and requires additional testing. Because glasses sit at a different distance from your eyes, a contact lens prescription is separate from an eyeglass prescription. Insurance companies' definition of a complete eye exam does not include any assessments of contact lens wear, measurements or fittings of contact lenses, progress evaluations, on-going management or care for contact lens patients.

At Complete Eye Care of Medina, your contact lens evaluation includes additional testing with some of the newest technology to assure you can wear contact lenses comfortably and is personalized based on your lifestyle. As medical devices, we will also ensure safety and consult with you to reduce the risks of permanent complications.

Unless contact lens coverage is specifically noted in your insurance plan, your insurance will not pay this fee. Depending on the complexity of your prescription and other clinical factors, the evaluation fees are as follows:

- 1 Brand New Wearer With Training: **\$147-\$300**
- 2 New To Our Office Or First Evaluation Through Our Office, No Training Needed: **\$121-\$184**
- 3 Established Evaluation Through Our Office: **\$102-\$184**
- 4 Rigid Contacts Or Conventional Contacts: **\$139-\$335**

*If you are utilizing our internal savings benefit (2020 Club – children \$199 and adults \$279), you get **20% OFF** the above evaluation pricing.*
